Supplement
AMENDMENTCommissioner for Patents
Washington, D.C. 20231

Sir:

Please amend the application as follows:

In the Specification:

In accordance with 37 CFR § 1.121, please substitute for the paragraph starting on line 10 of page 17, the following rewritten version of the same paragraph, as amended. The changes are shown explicitly in the attached "Marked Up Version Showing Changes Made."

Using the screen display and values from Figure 5, the placement of trade orders using the Mercury display and trading method is now described using examples. A left click on the 18 in the BidQ column 1201 will send an order to market to buy 17 lots (quantity # chosen on the Quantity Description pull down menu cell 1204) of the commodity at a price of 89 (the corresponding price in the Prc column 1203). Similarly, a left click on the 20 in the AskQ column 1202 will send an order to market to sell 17 lots at a price of 90.
